Details

Austin AI Alliance

Mission: Increase development, adoption, use, and positive impacts of AI. Easier to do things together instead of alone.

Vision: Making Austin a leading edge city - AI hub of the world.

Objectives:

1. Advance capabilities and features of AI.
2. Accelerate adoption and productive use of AI (companies, governments, and individuals).
3. Augmenting the workforce and public with AI understanding, awareness, advocacy.
4. Assuring the social impact of AI.
5. Articulate policies for fair, inclusive, and ethical AI.

Event: State of AI

Description: Kicking off a project to see if we can achieve mission, vision, and objectives.

1. Celebrate formation of the Austin AI Alliance. Increase awareness and desire to join OR support it.
2. Announce the kickoff of an annual project and event.
 - a. Project: As best we can measure Austin's progress and the AI ecosystem in the five objectives and impact through the progress.
 - b. Event: Compelling event, get excited! Impact and focused approach to AI. Two hours of content.

Will become Austin AI Alliance annual event.

Will be held in January each year.
